

### Colour Mixing Guide

Please note: Unless you are very experienced, mixing colours takes time and patience. Have fun and experiment!  
We recommend you mix colours at home in preparation for painting your TSB. You will need some separate containers with lids to avoid spills and paint drying out.

|   |           |   |                 |   |                |
|---|-----------|---|-----------------|---|----------------|
|     | Warm Red  |  +  =        | ✓ Purest Orange |  +  =    |                |
|     | Cool Red  |  +  =        |                 |  +  =    |                |
|    | Warm Ylw  |  +  =        |                 |  +  =    | ✓ Purest Green |
|   | Cool Ylw  |  +  =        |                 |  +  =    |                |
|  | Warm Blue |  +  =     | ✓ Purest Violet |  +  +  =  |                |
|  | Cool Blue |  +  =  |                 |  +  +  =  |                |
|   |           |  +  =  |                 |  +  +  =  |                |
|   |           |  +  =  |                 |   |                |
